

Orum House Community Garden Application Gardening Season 2023

Reserving a plot in the Edgewater Community Garden:

If you are interested in reserving a garden plot for the upcoming season please fill out the application that follows. Applications will be taken at the Municipal Building (1800 Harlan St.) through April 28th. For the 2023 season we will have sixteen ten (10) x seven (7) plots available for Edgewater Community Gardeners.

Application Process:

Applications will be reviewed, and plots will be assigned following the deadline. If plots remain open applications will be accepted until all plots are reserved. 2023 Community Gardeners will have the opportunity to return before new gardeners are taken. Applications will be reviewed and accepted on a first come first serve basis. Please read through the following packet for rules and waiver.

Garden Location:

The Edgewater Community Garden is located on the east side of the Orum House (2444 Depew St.). There is access to the gardens from the front of the Orum House or the alley way behind the home.

Garden Fee:

Applicants will have no fee for the 2023 season.

Abandoned Plots:

If a plot is abandoned by the gardener, the plot will be forfeited and the City will reassign the plot to another gardener. If a plot is abandoned, gardeners are not eligible to have the deposit refunded. If for any reason a gardener cannot care for his/her garden, the gardener must notify the City of Edgewater and make arrangements with other gardeners to water and maintain his/her plot during his/her absence.

Community Garden Season:

At the end of each growing season, each gardener is responsible for clearing and tilling his/her plot before the close of the season. **Community Garden Hours during open season:**

May – October 7:00 a.m. – 8:00 p.m.

The garden will be closed during the off-season with approximate dates (depending on weather) November – February.

The City of Edgewater has the right to remove, reassign or relocate any or all plots at any time for any reason. The City of Edgewater also has the right to change these rules and guidelines at any time for any reason.

Orum House Community Garden Ground Rules and Guidelines:

General Maintenance:

- Plots must be kept free of weeds, old plants and trash at all times
- Pathways, fence lines and public spaces next to plots must be maintained at all times by plot owners.

- Do not shade another plot with tall plants from your plot.
- Do not enter another plot without the owner's permission.
- Do not remove anything from another plot without the owner's permission.

Watering:

- Keep plots watered. Watering deeper and less often is better than shallow and frequent watering; drying plants out excessively stresses them and retards growth.
- Edgewater requires water conservation. Do not water for excessive periods and do not leave a plot unattended when water is running. Gardeners must follow seasonal water restrictions set by Denver Water.
- Never water another plot unless asked to do so by the plot owner.

Organic gardening:

- Plots must be gardened organically. This means no chemical pesticides or herbicides or fertilizers. Try compost or organic products. Byproducts from the sea, sky or earth are organic. These include seaweed, kelp, fish emulsion, bat or sea bird guano, worm casting and many plant-based products that are organic.

General guidelines:

- Smoking is not allowed anywhere in the garden by anyone at any time.
- No dogs will be allowed on the Orum House property.
- All garden materials need to be kept inside the assigned plot or stored away in the shed.

2023 Community Garden Application

Please complete the following information

Application DEADLINE: Friday, April 28th 2023

- New Gardener**
 2022 Returning

Name: _____

Home Phone: _____ **Cell Phone:** _____
