

DUMPSTER AND STORAGE CONTAINER

PERMIT INFORMATION SHEET

Sec. 11-1-40 Dumpsters and storage containers in streets; permit required.

It is unlawful for any person to locate, or direct or permit to be located, any Dumpster or storage container upon any City Street, without a valid permit which can be obtained from our online portal Community Core accessible through the City of Edgewater website at edgewaterco.com. All transactions including payment and issuance of permit will take place within Community Core.

Upon payment of a fee of fifteen dollars (\$15.00), the owner or legal occupant of any property within the City may obtain a permit to locate a Dumpster or storage container on a street within the City for a period of ten (10) consecutive days. Longer periods of time will be considered on a case-by-case basis.

The permit states with particularity the location at which the Dumpster or storage container may be located, which location shall be:

- Along the front lot line of the property owned by the owner or occupied by the legal occupant making the application for permit.
- Between the side lot lines of such property, extended as if those lines went across the subject right-of-way.
- Not within thirty (30) feet of the nearest point of any intersection of roadways.
- Not within any area in which the parking of vehicles is prohibited or limited as to the period of time during which parking is permitted.

Neither the owner nor legal occupant of any property within the City will be issued more than three (3) such permits within the calendar year during which the permit requested is effective for the location of a dumpster or storage container associated with the same property. The three permits allowed per calendar year per address can be applied for concurrently for a total of 30 consecutive days.

The size of the Dumpster or storage container is such that it may be placed within that portion of the right-of-way designed and designated for the parking of vehicles without impeding the movement of traffic.

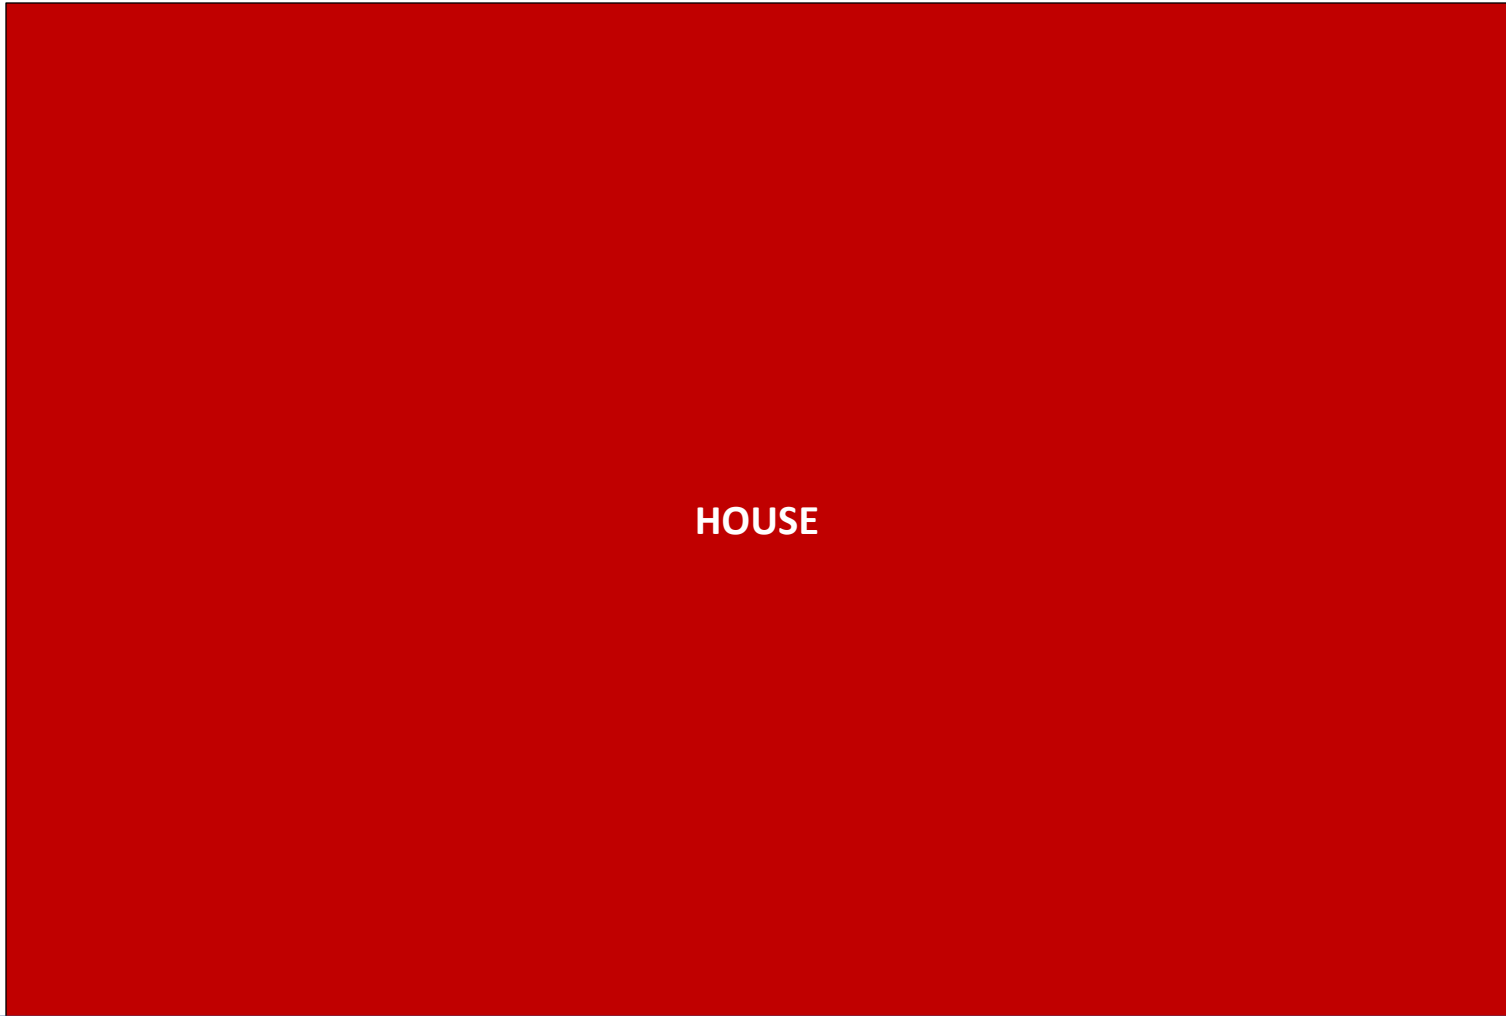

In no event shall a Dumpster or storage container be located within an alley.

Please fill and out and upload dumpster/ storage pod application into Community Core. Screen shots or Google images in lieu of completed application will delay processing of application.
