

Sustainable Energy in Edgewater

What Our City is Doing

In 2020, representatives from the Edgewater Sustainability Board, City of Edgewater staff, Edgewater City Council, Lumberg Elementary, the business community, and the nonprofit sector worked together to create an [Energy Action Plan](#) through the Xcel Energy's Partners in Energy program. Now, the same team is working on implementing this plan to move the Edgewater community toward its energy efficiency and renewable energy goals.

Edgewater's Energy Vision: Edgewater prioritizes sustainable and affordable energy solutions and community collaboration in order to create an equitable, thriving, and resilient community.

What You Can Do

Sign up for a FREE Home Energy Squad visit!

Whether you rent or own your home, Home Energy Squad is the perfect way to begin your journey toward lower energy bills and a more comfortable, more efficient home. For a limited time, receive \$200 worth of energy-saving help delivered and installed for FREE with a \$50 discount provided by the City of Edgewater.

A standard in-home visit typically takes about 2 hours and includes:

- Switching out traditional, incandescent bulbs for LEDs
- Replacing showerheads with energy-efficient models
- Weather-stripping a drafty, exterior door
- Installing a programmable thermostat
- Adding aerators to your kitchen and bathroom faucets

Looking for even more? Sign up for a Home Energy Squad Plus visit to receive all the benefits of Home Energy Squad with the bonus of a professional energy audit of your home. The City of Edgewater will cover \$50 of the cost, so you'll pay just \$100 (a \$600 value). Added services include:

- Thorough inspection of home exterior, insulation, and mechanical systems
- Air leak analysis with a blower door diagnostic test
- Infrared imaging and analysis
- Full summary report with findings and recommendations

Visit xcelenergy.com/HomeEnergySquad or call 303.446.7910 to schedule. Be sure to mention you live in Edgewater to receive your discount. Limited quantities available on a first-come, first-served basis.
