I, Lenore Pedroza, City Clerk, in and for said City of Edgewater, in the County of Jefferson, in the State of Colorado, do hereby certify that the attached is a true and correct copy of the City of Edgewater's 2024 Budget.

In witness whereof, I have hereunto set my hand and the seal of the City of Edgewater, this 27th day of December, 2023.

Lenore Pedroza **Edgewater City Clerk**

CITY OF EDGEWATER

RESOLUTION NO. 2023-17 SERIES OF 2023

A RESOLUTION ADOPTING AN ANNUAL BUDGET AND APPROPRIATING SUMS OF MONEY TO THE VARIOUS FUNDS FOR FISCAL YEAR 2024

WHEREAS, the City Council for the City of Edgewater, Colorado ("Council") has received a proposed Annual Budget for Fiscal Year 2024 ("Budget") from the City Manager, which Budget contains, among other things, a pay plan for all City employees as required by Section 9.2(10) of the City of Edgewater Home Rule Charter ("Charter"), a budget message as required by Section 12.4 of the Charter, and a capital budget as required by Section 12.5 of the Charter; and

WHEREAS, after due and proper notice in compliance with the Charter, on December 5, 2023, a public hearing on the Budget was held by Council; and

WHEREAS, the Budget contains revenues and reserves in an amount equal to or greater than the total proposed expenditures as set forth therein; and

WHEREAS, it is required by Charter Section 12.9 and necessary for purposes of governmental operation for the Council to appropriate the revenues of various funds, based upon the adopted budget, to permit their expenditure; and

WHEREAS, the Council therefore desires to adopt the attached 2024 Annual Budget for the City of Edgewater, Colorado, and to appropriate certain sums of money to various City funds, as specifically set forth in this Resolution and the attached Budget.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EDGEWATER, THAT:

<u>Section 1</u>. Estimated revenues for the City for fiscal year 2024 in the total amount of <u>\$16,034,554</u> include estimated revenues for the following funds in the following amounts:

To: Mayor Beltrone & City Council

From: Dan Maples, City Manager RE: 2024 Budget

Mayor Beltrone & Council Members,

I am pleased to present a balanced proposed 2024 Budget. City staff have worked diligently to develop a budget that reflects the Council's strategic planning priorities and our commitment of quality services to the community. During 2023, the City of Edgewater was proactive in managing funds and expenses to protect the City's financial stability. The audits for 2021 and 2022 have not been completed yet, however, there are no anticipated significant changes to the financial statements, and staff are confident with the figures presented in the proposed budget. While projections are based on historical trends and anticipated changes, it is important to note that there may be some adjustments prior to adoption as additional information is received in the upcoming weeks.

Strategic Plan

Staff are continuing to use the 2022 Strategic Plan as a driving source for the 2024 Draft Budget. The Edgewater City Council approved the Edgewater City Council Strategic Plan on October 18, 2022. The Strategic Plan has been used to make key decisions in this proposed budget and as a guide for implementation in the Capital Investment Plan. Based on this work, an entire section of this budget is devoted to the strategic plan, which includes action steps for approval within the 2024 Budget.

Looking ahead to 2024, an update to the Edgewater Comprehensive Plan will be completed to give longterm focus and vision to Edgewater's future. The City also has adopted several goal-oriented plans which overlap and assist with providing directional vision for Edgewater.

Annual Organizational Goals City Manger's Work Plan Annually Approved (January) 2-4 Year Mayor/ City Council Goals Strategic Plan Annually Approved and revisted (June) 5-20 Year Community Goals Edgewater Comprehesive Plan Approved every 7-10 Years

Budget Process

The 2024 budget process again involved Department Directors and Supervisors to develop a complete and balanced budget. Each department was given budget workbooks to complete and submit. Along with these workbooks, Department Directors and Supervisors met with the City Manager and Finance Director to discuss all aspects of the proposed 2024 Budget.

For 2024 each Board and Commission was able to also request funds. These requests are compiled into the current budget based on how they fit with current priorities. Staff have added these requests to the Mayor and Council Budget, to keep the funds separated from organizational operational expenditures.

Following the 2022 and 2023 budget format, the 2024 Proposed Budget is shown in a simplified layout. This format provides an easy to understand and transparent list of revenues and expenses being proposed for the 2024 calendar year.

Employee Salaries and Benefits

In 2023 staff completed a salary survey to better understand the market for our employees. This process has helped identify if current pay policies are keeping up with the market and growing cost of living. The deliverables of this study provided market driven salary ranges for all employees. Following the completion of this survey staff initiated a two-phase approach to adjusting employee salaries. Phase one was initiated in October of 2023 and provided salary adjustments for any employee that was below the newly proposed range minimum. Phase two will be initiated through this proposed budget and provide adjustments for longevity and education above the required level. Employees not receiving either of the two-phase adjustments were given a 3% adjustment in line with past years' merit adjustments. The salary survey considered cost of living adjustments. Between the two phases, total salaries are planned to increase by 8.6%.

On December 15, 2020, the Edgewater City Council approved Resolution 2020-27, A Resolution Committing the City of Edgewater to Pay a "Living Wage" to its employees and Employees of Subcontractors working for the City of Edgewater. This resolution was amended by Resolution 2022-10 to set the policy to increase internal minimum wage amount equal to the year-over-year percentage increase in the Consumer Price Index, for all items, published annually each August for the Denver-Aurora-Lakewood Area. The current Edgewater living wage rate is \$18.65 per hour and a salary of \$38,792 annually for 2023. This rate will be increased to \$20.79 per hour and \$43,243 respectively. Staff adjusted the City's Compensation Plan to reflect these wage minimums.

The City of Edgewater provides employees with one of the best benefit packages offered by any local government organization. Employees receive health insurance, dental insurance, vision insurance, long-term disability, and accidental death and dismember insurance at no cost to the employee. In addition, the City offers a voluntary Health Reimbursement Account (HRA) that covers medical expenses and minimizes the out-of-pocket expenses for employees. Staff anticipates a 10% increase in premiums for 2024 and as such, it is included within this proposed budget.

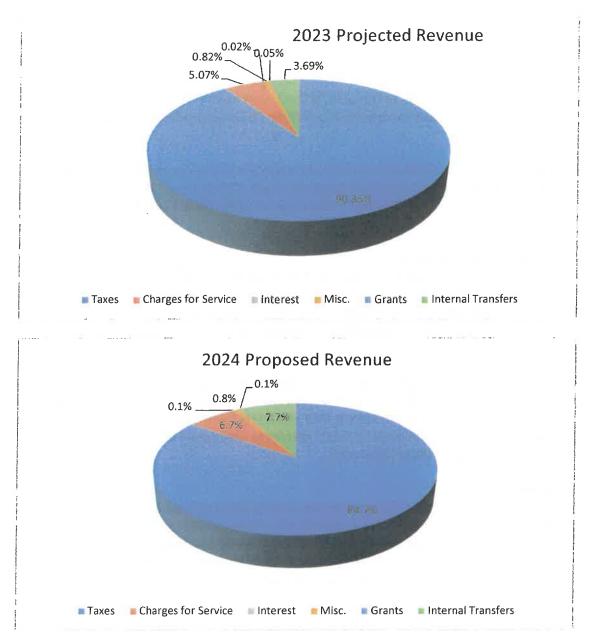

Revenue

Edgewater currently is funded through a mix of revenue streams, and the primary contributor to the revenue is sales tax. Sales tax historically brings in 70% (64% of local sales tax and 6% of out of city sales tax) of the total revenue each year (2019- Present). The City cannot legally disclose sales tax information for specific businesses but generally, Edgewater receives around 50% of sales tax funds from big box stores.

The City of Edgewater currently does not receive any revenue from property taxes from Edgewater residents. There are no proposed changes for Edgewater with respect to revenue in property taxes in 2024.

A look at the historical (2019 – 2023) split of revenues is below. The graph does show entire revenue streams not just the larger contributors like sales tax.

10 Year Outlook

Included with this proposed budget is a 10-year outlook for each fund. Staff utilized this 10-year outlook for the General fund in previous years and now for 2024, it is applied it to all funds. The outlook will assist City leadership with understanding the long-term effects of an annual budget and investment into capital. It has always been easy to see Edgewater has healthy reserves but when looking at the longer-term costs of maintaining infrastructure along with growing costs, the picture changes quickly.

The current outlook looks to past years to predict a growth in future years in several areas. These forecasts are not a guarantee but rather provide insights to make sure that there is a general direction to what the future will hold for Edgewater.

General Fund

The General Fund provides sufficient revenues to offset expenditures of current operations. Staff have been able to balance expenditures with revenues for 2024, with growing personnel costs and a predominantly stagnant revenue stream. Currently, staff is seeing a flat to maybe 4% increase in sales tax revenue, the biggest revenue provider to the General Fund. Staff expects to see minimal growth in sales tax over the course of 2024 based on forecast information. The proposed budget shows a minimal 1.8% growth in sales tax for 2024.

The proposed budget also provides funds planned for basic operation and personnel. Staff are proposing to remove a position within the Police Department (Co-Responder) and add a position in the Community Development Department (Mental Health Clinician). There are no other changes being proposed to full-time staffing levels.

Capital Improvement & Equipment Funds

The 25th Ave. project has been scheduled to be completed in Spring of 2024 using grant funding, Edgewater Redevelopment Authority funds and a small match from the General Fund. The transfer from the General Fund to the Capital Improvement Fund is minor for 2024 and reserve funds will be needed to make the transfer. For 2024 staff have tried to balance capital projects and funding with other operational needs.

Included with the proposed 2024 budget is a Capital Improvement Plan document, which identifies Capital needs over the course of the next ten years. This plan will assist staff to coordinate future needs. One of the major items within this plan is the Asphalt Plan and it sets fourth costs for maintaining city streets. Future Capital needs may require transfer from reserves to keep future budgets balanced while continuing to invest in the capital needs of Edgewater.

Water & Sewer Utility Funds

The Utility Fund Balance has continued to decrease as investments are being made to capital improvements and costs for utilities rise. Staff completed a Water/Sewer Utility Rate Study and presented the rate changes to City Council in October of 2022. Following approval, the new rates went into effect in early 2023. These rates aim to provide sufficient funds for operational and capital needs over the next ten years, but the staff recommends conducting another rate study within seven years, if not before.

The Water Fund is showing a small loss for 2024 as the new rates start to build. With the new rate structure this was expected. The proposed Water Utility Budget also restarts the charges for administration and franchise fees, which were halted over the past few years due to rates not keeping pace with expenses. The proposed 2024 Budget provides funding to replace lead service lines into residential properties, originally planned for 2022. Staff have completed a number of these replacements but there are still a number that are outstanding and will be completed in 2024. Denver Water developed a plan to pay for the replacement of these lines over several years. To remove these lead lines sooner, Edgewater spearheaded this project and will be reimbursed by Denver Water in 2024 upon completion.

The proposed Sewer Fund operational expenditures are balanced with revenues for 2024. The estimated utility cost for sewage treatment is higher in 2024 (up to \$294,000 from \$240,000) based on the higher

usage of sewer throughout 2023. This expenditure fluctuates annually but staff have started seeing some regular consistency due to the implementation of yearly cleaning and videoing of sewer lines.

Edgewater is a few years into a citywide contract for providing trash and recycling as well as a contract for offering composting. Staff have seen some increase in contract costs associated with an increase in new customers but have not yet had to increase rates for customers.

Conservation Trust & Open Space Funds

The Parks and Recreation Department is funded primarily through the Conservation Trust Fund and the Open Space Fund. Both funds receive revenues from outside sources that are restricted to specific expenditures for parks or recreation. Conservation Trust revenues have plateaued over the past few years, but the fund saw an injection with the reimbursement from the purchase of the Toteve property. For the 2024 Conservation Trust Fund expenditures have been leveled even with revenues as the fund balance is close to the needed reserves. Open Space funding will continue to provide funds for park improvements in both Citizen's Park and Walker Branch Park in 2024.

Fire Pension Fund

The Fire Pension Fund is a fiduciary fund of the City with no operations; therefore, no budget is required other than the annual contribution by the City. The fund is anticipated to have \$758,518 at the beginning of 2024.

Fund Balances (Reserves)

Below is a table of the City of Edgewater Fund Balances and the Target Reserve for each. Fund balances are also labeled "Reserves".

| Fund | January 2022 Balance | January 2023 Proposed Balance | January 2024 Proposed Balance | Target Reserve (20%) |
|--------------------------|-------------------------|----------------------------------|----------------------------------|-------------------------|
| General Fund | \$7,019,078 | \$8,408,115 | \$3,181,432 | \$2,048,337 |
| Capital Improvement Fund | \$4,122,124 | \$387,803 | \$1,443,948 | \$654,771 |
| Water Utility Fund | \$259,990 | \$283,960 | \$88,969 | \$404,398 |
| Sewer Utility Fund | \$1,158,574 | \$1,041,720 | \$831,220 | \$121,889 |
| Trash Utility Fund | \$100,041 | \$117,300 | \$126,611 | \$67,138 |
| Conservation Trust Fund | \$183,197 | \$130,450 | \$155,450 | \$6,600 |
| Open Space Fund | \$739,480 | \$920,692 | \$850,992 | \$69,460 |
| Fire Pension Fund | \$733,407 | \$741,777 | \$758,518 | \$10,326 |
| Total | \$14,315,891 | \$12,031,817 | \$7,437,140 | \$3,382,919 |

*These balances have been prepared with the early stages of this budget and will be finalized prior to adoption.

Fiscal Policy Recommendations

Sales Tax

As described earlier, the City of Edgewater relies heavily on retail sales tax revenues. 2023 sales tax revenues are anticipated to end the year about 9% above the final revenue numbers from 2022. Staff forecasts a 1.8% increase for 2024. There are some greater economic challenges through 2024 that may be on the horizon, so staff are being very conservative with forecasting.

Target has a Sales Tax Rebate program that was agreed upon for its development in the city. This agreement ends in December 2025 or tops out at \$11 Million in rebates. Currently approximately \$9.8M has been paid of the maximum \$11M. Staff expects to pay \$1M in 2024 and then a small amount (\$200k) in 2025 to complete payments. This will free up some funds for additional Capital Projects starting in 2025.

Expenditures

Staff continues to be mindful of expenditures and work within the budget that has been adopted by City Council. There has been an increase in the amount of service and consultant contracts utilized due to additional services and projects. As a small organization it is more financially responsible to contract certain work rather than take on the expense and staffing needs.

Investments

Edgewater's number one investment will continue to be Capital Improvements in citywide infrastructure. The Sheridan Corridor Master Plan was completed in 2022 and expected to look for construction in 2025 and/or 2026. The Diversity, Equity, Equality, and Inclusion internal team completed work with a consultant to provide an Organizational Assessment. Training and career development is still a high priority and expenditure for Edgewater. The need to retain great employees and give them the tools they need to succeed has never been more prevalent. In addition to all of this, staff will continue to research options for low-risk liquid investments for cash to optimize returns.

In 2023 the solar array at the Edgewater Civic Center was completed. Staff are optimistic that this system will lower the electric costs of the building by upwards of 70% throughout the year.

Debt

The City of Edgewater entered into a capital lease agreement in 2018 for the financing of construction of the Edgewater Civic Center. The current principal balance of this obligation with Vectra Bank totals \$7,966,879. This debt can be prepaid, and the annual payments will slowly increase over the term of the loan (as seen in the Capital Improvements Budget).

The Water Fund has a debt obligation totaling \$604,366 from the Colorado Water Resources and Power Development Authority (CWRPDA) for the replacement of lead lines and the water line construction on 26th Ave. This loan was obtained in 2015 at an interest rate of 2%.

The City of Edgewater has always maintained very little to no debt. With the City's current dependency on sales tax revenue, keeping debt obligations to a minimum will provide for better navigation through possible downturns in the economy. We still have sufficient reserves to continue to provide capital investments as proposed in the 2024 budget.

Sale of Property

The City owns 2401 Sheridan Blvd., and the plan is to sell this property. This property was under contract up to late 2021, until the buyer backed out. The funds from this sale have not been included in the 2024 Proposed Budget as there is currently no contract. Staff will work with the City Council to identify the process for the sale of this property following the Comprehensive Plan Update.

The City of Edgewater purchased the property located at 5440 W. 25th Ave. in 2023. This property will continue to operate in its current use through a maintenance contract with Foothills Housing Authority. Staff will work with City council to identify the process for developing this property following the Comprehensive Plan Update.

New Revenue

Edgewater will continue to partner with other agencies to minimize expenditures and look for revenue opportunities. Staff will continue to apply for grants for funding of projects identified as a result of the Council Strategic Plan, the Capital Improvement Plan and the Capital Equipment Plan.

Long Term Capital Budget

Included in the 2024 Budget is a long-term plan for expenditures in the City's Capital Improvements. Although each year may bring different projects and different needs, it is imperative to plan for future needs of the community. This plan is inclusive of the long-term Fleet Purchase and Cycle Plan.

Each year staff weighs the need to utilize funds from reserves to pay for capital needs. There are some years that staff expects the need for significant funds such as 2023. Staff is proposing a \$1.5M transfer from reserves to pay for 2024 Capital Projects.

Bottom line...

The City of Edgewater continues to be financially sound. The City has maintained a financial condition rating of "A" by Standard and Poor's, which confirms the improvements made in financial operations and investment strategies over the past decade have been positive. A great deal of progress has been achieved in Edgewater's professional delivery of services where accountability and fiscal restraint are the focus. Staff will maintain reserves and continue to provide maintenance needed to protect the assets of the community.

Thank you for your patience and support as staff and I work diligently to improve the City of Edgewater.

Sincerely,

Dan Maples City Manager
