

Electric Vehicle Resources for Residents

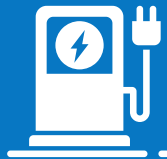

Edgewater wants to make it easier than ever to own or lease an EV. Use this resource guide to find the information or resources you need to get started on your EV journey!

Discover the Benefits of Driving Electric

Convenient Charging

Eliminate trips to the gas station by charging your car at home while you sleep.

Save Money

EV owners can save up to 50% on maintenance and fuel costs.

Have More Fun

EVs deliver high performance, quick acceleration and a quiet, comfortable driving experience.

Breathe Cleaner Air

EVs produce fewer air pollutants from tailpipe emissions, contributing to a healthier community and cleaner air.

NEW TO ELECTRIC VEHICLES?

Edgewater has
resources that can
help you explore
which EV is right
for you.

Visit these pages for help with the following questions:

- ☑ How do I lower the cost of my EV purchase?
ev.xcelenergy.com/incentives
- ☑ Are there resources that compare EVs
by range and price (after rebate)?
ev.xcelenergy.com/vehicles
- ☑ How does charging at home work?
ev.xcelenergy.com/ev-charging-programs
- ☑ Where can I charge my new EV
around town in Edgewater?
www.plugshare.com

In 2023, Edgewater adopted an Electric Vehicle (EV) Plan, to prioritize sustainable and affordable electric mobility solutions.

Income Qualified Customers Can Save Even More

In addition to state and federal rebates, low- and middle-income earners may qualify for additional savings. Depending on where you live and how much you earn, Xcel Energy will offer savings of up to \$5,500 on an electric vehicle.
